

Bird Walk, Monday at 10:30 am at the River Campus.

Harry, Marla Browne (new AVAS member), her mother, and I helped with a bird walk for 12 kiddos ranging from kindergarten to 6th grade from the Eastside club on a bird walk Monday at 10:30 am at the River Campus.

Nice group of kids; some with really sharp eyes finding not only birds, but lizards, caterpillars, and a snake.

Crazy hot, but we saw Western Wood Pewee, Osprey, Mississippi Kite, Northern Flicker, American Robin, doves, House Sparrow, Cormorant, and a few others; hundreds of butterflies.

Another walk is scheduled for Monday July 24 at 10:30 am.
